Verse 1

G **C**
When I'm lost in the desert, when I'm lost in the dry land
G **C**
When my eyes are drawn to an empty horizon
G **C**
I can still hear You calling, I can still hear the whisper of Your voice
G **C**
And I know that You're with me, I know where my help is coming from

Chorus

G **Gsus G**
You, You lift my head
Em **D**
When other rivers have run dry, only You can satisfy
G **Gsus G**
You, You lift my head
Em **D** **C**
I'm desperate and I'm thirsty Lord, living water fill my soul

Verse 1

When I'm lost in the darkness, in the dead of the cold night
When my spirit longs for the light of the sunrise
I can still hear You calling, I can still hear the whisper of Your voice
And I know that You're with me, I know where my help is coming from

Bridge
